To whom it may concern:

I would like to recommend Tamara Moxham for your Master Mentoring Program. Tamara was one of my mentors last year during my Community Interpreting internship through the Sign Language Interpreter Training Program at Portland Community College. Of my three mentors, Tamara was the most helpful, the most enjoyable to work with, and the most professional.

Transliteration was required for the class that we were interpreting, and I had minimal training in transliteration prior to my internship. Tamara helped me understand what it means to transliterate as well as how to use aspects of interpreting to improve my transliteration. She identified specific areas I needed to improve before I could start interpreting in the class and gave me suggestions of how to meet these goals. Once I started interpreting, Tamara always made time to give me feedback and advice. She has years of interpreting experience and an impressive knowledge of sign vocabulary and structure. Tamara has a sharp mind, a great sense of humor, and knows how to both support and challenge interns.

I recommend Tamara Moxham for your mentoring program without reservation. She will be an asset to your program. We need more qualified mentors in the Portland/Vancouver area. The skills she will bring away from your program will make her even more of an asset here.

Sincerely,

Darbra Smith
