#### Additional Comments:

The workshop's 2<sup>nd</sup> part was quite interesting & beneficial. (Although I believe I have more questions than answers.)  
 The start was a bit slow & I believe that a presenter should not spend much time on a history of a country that ~~isn't~~ where they are presenting. The history of American Political Correctness is of no concern to me. The presenter should have researched even just a few Canadian examples, applied their knowledge & kept American info to a minimum.  
 I really enjoyed the discussions of the questions.
